Forecast For Northern Ireland
Issued by Met Office Aberdeen
at 0400 on Saturday 17 Apr 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Rather cloudy but mainly dry.

Today:
Rather cloudy but mostly dry day although some brighter or sunny spells will develop, especially across more eastern counties. Cloud in the far west may thicken to give a few spots of rain towards evening. Occasionally fresh southerly winds. Maximum temperature 14 deg C (57 deg F).

Tonight:
Some late sunny then clear spells in the east this evening, otherwise a mainly cloudy night with outbreaks of light rain spreading east through the early hours. Minimum temperature 3 deg C (37 deg F).

Sunday:
A generally cloudy day with outbreaks of mainly light rain, persistent at times across western counties. Occasionally fresh southerly winds. Maximum temperature 12 deg C (54 deg F).

Outlook for Monday to Wednesday:
A generally cloudy day with outbreaks of mainly light rain, persistent at times across western counties. Occasionally fresh southerly winds.
